I do not feel that the proposed settlement for the Microsoft anti-trust case is an adequate punishment for Microsoft. I am not in favor of it in its current state. Please consider my email as my registering a vote of "no" against the current settlement.

A settlement that is more favorable to other companies in the computer industry, does not give Microsoft such a strong position in our public schools, and is actually a punishment for Microsoft is what should be presented and agreed upon.

Thank you,

Jeff Hanna
